To their Majesties King Constantine and Queen Anne-Marie,
I salute you in the name of our Father, his son and the Holy Ghosts Power with good news for the kingdoms of Greece and Denmark. While both nations have been affected by unprecedented culture shock and are in a constant state of flux as a result of migrant communities there is a return to order in sight.

Jesus sent the disciples out in pairs and instructed them to seek the houses of those were worthy meaning the royal houses and greet you in peace. All royalty and powers are anointed by God in his word and as such my ministry brings me before the house of Greece and seven churches in Asia today. The point of my communication is to give you the keys to the kingdom in your scriptures to prepare your people for the return of the Lord as members of the Elect of God who are called and chosen based on their knowledge of the way to enter in. What you are going to learn is not new but the original teachings of Jesus and the power and authority that establish his chosen people.

I wrote a book titled It Is Written, Power of God which shows the way to turn the key of David which are the keys of knowledge and how we open and close the door to the house of God which is the gate to the kingdom of heaven. This is the way we climb up Jacobs Ladder to seek the kingdom first and enter heaven in the Word and the revelation Mohammed wrote of in the Noble Quran. He was unable to teach the way because he would be

forced to resort to the Hebrew and Greek texts so describes it in parables to the Muslims. My book deals with the interactions of the Muslim community today in America and key European states and the consequences of those relations. The good news is many Muslims join our church, The Elect of God which brings peace to the region. There is an event we are to stay awake and watch out for called the day of the Lord which will be occurring shortly after President Trump's reelection. I go over this on my website at erickbennett.com and it in great detail in my book to prepare you.

I was watching an interview with you on CNN where you told the reporter that one "can only be a sovereign if people want that system" which is the purest truth I have ever heard. When your people learn the way to turn the key and open the door to the house of God which is the gate to the kingdom of heaven will want to join the Elect of God. This will establish by divine decree the sovereignty of Greece and the other nations and our members will all return to their own nation/states as that is our Fathers instructions. This is why God anointed you to be king at this present hour and our power is not derived from the secular state but our Father in heaven who is the God of the earth. Your destiny as king will be fulfilled by presenting the lost teachings of the keys to the scriptures to the people of Greece and the seven churches in Asia and bringing them back into the fold. You are their shepherd who will lead them in and out of green pastures in the word. You are to give them the keys so they may enter the kingdom. I have sent a letter to the Prime Minister of Hungary, Victor Orban and V4 as well as the Supreme Leader of Iran Sayyid Khamenei about the keys to the kingdom as this is the primary axis we will build upon regarding sovereignty going forward in Europe.

I will be traveling between the aforementioned states as well as Israel and the rest of the continent and Middle East planting the seeds for the beginning of the reformed church called the Elect of God. Brother, I look forward to meeting with you to lay out our Fathers plans for these exciting times we are entering. I will contact you upon my arrival in Greece.

Peace and power.
A fellow servant,
Erick M. Bennett I
