

April 14, 2019

To the Most Honorable Prime Minister Victor Orban,

Please allow me to introduce myself; I come in the name of our Lord and Savior Jesus Christ and Power of the Most High with good news for the Holy Crown of Hungary from the Throne of God to the people of Saint Stephen's kingdom.

I wrote a book titled It Is Written, Power of God which shows the way to turn the key of David which are the keys of knowledge and how we seek the kingdom first. The subject matter consists of prophecy and revelation so my work entails history, government, economics, current events as well as the immediate and long term future as it pertains to you. It Is Written, Power of God provides the tools you need to immediately stop Islam and justification to evict the Africans looking to invade and squat in Europe. It Is Written, Power of God is a weapon that can be used offensively or defensively and will absolutely destroy any that wish to challenge us in debate. The Muslims may convert and join us or they must leave because they will never fit in to the sophistication of Christian nations and we can't entertain second class citizens in First World countries.

While we can only shake our heads at the cultural suicide America, England, Germany and France are committing must accept the hard truth and that this is judgment from God for their apostasy. If they would simply read the Holy Bible could be spared so while it is bad for them proves to be

excellent news for you and the rest of Europe. Please let me bring to your attention how God uses the Muslims to destroy America, England, Germany and France and why he calls Africans the Synagogue of Satan so you can prepare our people.

While America, England, France and Germany will be plagued by barbarism and fall to Sharia law until a series of events in the future the best and brightest will vote with their feet and seek environments conducive to the progress and growth of civilization entering the 21st century. Since Hungary has upheld the name of the Lord God for the last thousand years will exist as a sovereign state for the next thousand during the millennial reign. I would like to propose by reaching out to those Christians in England, France and Germany now will lay the foundation and prepare them to move in the near future when they see a sign. This planned exodus will provide Hungary with the world class, professional, work, sales and trades forces to civil engineer new Christian cities from the ground up. Preparing now will allow time needed to build up national European communities around their vocations in Hungary and I have suggestions on how to make this transition seamless as they relocate to Central-Eastern Europe. The most beautiful part is we can plan and build futuristic cities with these people now which is incredibly cutting edge, exciting and will allow you to cherry pick those people needed to fill out a well rounded society.

There is an event about to take place that can be presented to Hungarians at home and abroad as a common sense disaster scenario anyone is wise to prepare for and vital they know it is written in the Holy Bible. This event is when President Trump moves to invade Iran in the beginning of his second term. God will raise up a destroying wind and stop that invasion by having Muslims detonate seven tactical nuclear bombs in New York City and wage jihad across America. This event is called the day of the LORD and is not war but a battle that will take place over the course of a day. The Muslims will wipe NYC off the map which will force President Trump to declare martial law and stops the attack on Iran. When your people see this sign will know and understand it is time for them to return home and be

prepared mentally, spiritually and financially. This will streamline the development of Hungary and other states by reinforcing our communities on the local, state and Visegrád Group level. When Europeans learn of the day of the Lord it won't come upon them like a thief in the night so will see it coming and be prepared. This will result in a stampede as 500 thousand Hungarians return home accompanied by the best and brightest of European nationals so accommodations will need to be planned in advance for rapid growth to meet your needs regarding infrastructure updates and housing availability.

It is written by Jeremiah and multiple prophets before the day of the Lord every man must return to his own homeland. This literally means what it says, blacks go back to Africa, Asians to Asia and white men must return to Europe and the Middle East. This brings us to the Africans who God calls the Synagogue of Satan. Even the God of heaven and earth says these people claim they are victims and oppressed in every land they enter but are full of it. The good news is they can repent and enter in but they must start telling the truth.

Regarding the Europeans Unions insane idea to pay the Synagogue of Satan reparations it should be shouted from the rooftops Africans sold their own people to Arabs and Europeans for a thousand years dominating the slave trade and are still selling their people to Muslims today. Can you imagine the blacks demanding Muslims and Arabs pay for reparations even though both parties are active players in the slave trade as we speak? Their hypocrisy knows no bounds and the Europeans need to tell them to go to hell and will when they are on the same page.

White men and women are the only ones to have officially ended slavery freeing the black man in the last century even though blacks deflect that fact and blame it on us 180 years later. There are no black people in Austria, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Greece, Hungary, Italy, Latvia, Lithuania, Luxembourg, Malta, Poland, Slovakia or Slovenia. Those nations have absolutely zero black people and their citizens should not be put on the hook to pay for

reparations because of a few brain dead politicians in England, France, Germany and Africa.

I am certain you already know this but will add the following numbers for consideration. According to statistics there are about 3-5.5 million blacks in France, 2 million in England, about a million in Spain, 600 thousand blacks in Belgium, 500 thousand in Germany, 150 thousand in Portugal, 150 thousand in Romania and about 110 thousand in Sweden and a smidge in Ireland.

Since France and England have more than all the nations combined and are so gung ho for reparations let them foot the bill because I am sure a cost/benefit analysis will reveal blacks have cost more in welfare services already than they would receive in a reparations payment. Black people base their identity on what they call "blackness" and we should support their ability to be just as black as they can possibly be, in Africa. We are about light and enlightenment and while they are complaining of colonization 300 years ago and not able to dig wells or build shanties today we are planning 21st century cities and getting ready to colonize the moon, Mars and beyond. Blacks are slaughtering white farmers in South Africa as we speak and drove them out in Zimbabwe. In America they demand segregated graduations at Harvard and calling for a black state which we should support. When every race has their own space there is peace and prosperity among nations. It is written the Africans must be sent back to Africa so you can be comforted in your efforts denying their entrance. Conversely we must retrieve the white farmers in South Africa and relocate them back to Denmark. Doing so will solve the kingdom of Denmark's issues with projected population growth and eliminate the need for third world migrants shutting off the influx of Muslims there. Instead of progressively destroying society through this satanic forced migration will simply reverse the trend and damage by returning all men where they came from. It is always so much better when Africans, Europeans, Asians and everyone else visit each other based on trade, tourism and mutual respect than some hair brained political scheme to import millions of useless people and dropping them off in the center of production zones.

The Lord created the nations and their borders for his good pleasure and it is written forcing these cultures to forfeit their heritage and identity for nothing more than money which is as worth as much as a politicians promise is the work of the devil himself. God has a name for multiculturalism. He calls them BABYLON. The Pope and Catholic Church will be damned for pushing this satanic agenda.

This brings me to the good news I have for you. God finds the Reformed Church in Hungary, along with the reformed churches of Romania, Slovakia, Transcarpathia, Serbia, Croatia, and Slovenia perfect in everything you do yet lack one thing and that is turning the key of David to open the door to the house of God to enter the kingdom of heaven and be covered by Gods grace. Revelation 2:1-5

Please review my letter to you about the Key of David on my website and would like to follow up by going over a special group of people called the Elect of God who possess knowledge and understanding others don't and see the summary of these matters on my website at erickbennett.com. Hungary is a Christian kingdom so cannot entertain Islam and you are right to detain and return trespassers and while they are in your custody would be a good time to share the light of Christ with them. This way they can know and understand our Sword, Crown and Shield and enter in as children of the God of Abraham, Isaac and Jacob. We can't lie to them when we know the whole truth. It is written many Muslims convert and join the Elect of God when they are shown the way. The time they spend in Hungarian captivity would provide ample opportunity for such conversions to take place and lead them to salvation. The easiest way to convert them while they are in your custody is to provide copies of my book, It Is Written, Power of God to them. When they know the way to turn the key that opens the door to the house of God which is the gate to the kingdom of heaven can take that knowledge home with them and teach others spreading the gospel to their homeland.

As you succinctly put it, we should help those we can but must help them where they are and it is impossible to help those who don't want to help

themselves. While progressive media is painting this as white-nationalism/supremacy/separatism agenda is no different than Russia, China, India, Israel or the Muslim kingdoms in the Middle East maintaining their culture and identity. They don't allow the Africans to invade and squat in their land either. Imagine the European Union telling Russia, China and India they must take African and Muslim migrants? They would be the laughingstock of the world and so to must we preserve the sanctity of Europe and the LORD God of creation supports you in that 100 percent.

After NYC is hit and Wall Street is gone will cause martial law in America and the European Union will collapse as the major cities in England, France and Germany fall to Islam. This is when you will see white flight in unprecedented levels as the best and brightest flee those Muslim controlled cities and godless states for Hungary which will be like a city lit up on a hill. I would be of great assistance to you by making sure your people and the rest of Europe know and understand what Gods word says and realize this is his plan so they know what time it is. My ministry will be taking me to Greece and Israel soon and then I will be heading up your way. In preparation of my visit it would be advantageous for your people to know about me and my work so they are as empowered going forward. It is written in the preamble of Hungary's constitution that after the decades of the Twentieth Century which led to a state of moral decay man is in need of spiritual and intellectual renewal and would humbly like to offer you that via my book. I would love to give you the keys to the kingdom in the Scriptures which is spiritual and intellectual renewal which is literally what it means to be born again as we enter these final hours in preparation for the return of the King of Kings and Lord of Lords. Prime Minister, by using the key of knowledge as a screening process can filter out all those who would become problematic in the future by rebelling against our Father such as Roman Catholics and the branches that have been taken over by political operators pretending to be non-profit religious organizations.

Your brother in Christ,
Erick Matthew Bennett I
