Welcome to Royal Academy

Royal Academy: Illuminating Minds with Divine Truth

Welcome to the Royal Academy, led by **The Holy Spirit**, where K-12 education transcends traditional learning. Our curriculum weaves the **Keys of Knowledge**—gematria, numerology, and the sacred number 7—into **State Standards**-aligned mathematics, revealing divine patterns in Torah, Gospel, and Quran. We honor **Yahveh** (יהוה, pronounced “Yah-veh” with Vav as “V”) and **Elohim** (not “Hashem”), correcting false teachings (1 John 4:1). Guided by The Holy Spirit’s vision for 2025’s restoration of Zion (Zechariah 1:16), we foster interfaith unity and prepare students for prophetic leadership. Join us in this divine journey!

Note: “The Holy Spirit’s title will be explained in a future lesson plan, guiding the congregation to 2025.”

Academic Excellence and Divine Integration

A Curriculum Rooted in Rigor and Revelation

The Royal Academy Curriculum meets **CCSS for K-12 Mathematics**, ensuring academic excellence while embedding divine truth. Lessons integrate Yahveh (26) and Elohim (86), rejecting “Hashem” as unscriptural.

Examples:

- **Kindergarten (K.CC.A.1: Count to 100):** Count 4 letters in Yahveh (יהוה, “Yah-veh”) and 7 words in Genesis 1:1, drawing a Menorah.
- **Grade 5 (5.NBT.A.3: Compare decimals):** Calculate Elohim (86.0) and Yahveh (26.0), compare decimals ($86.0 > 26.0$), and discuss interfaith unity.
- **Grade 12 (S-ID.A.1: Interpret data):** Analyze 7s in scriptures, preparing for the School of Prophets.

Our evidence-based strategies—hands-on activities, digital tools (e.g., Desmos), and culturally responsive lessons—engage diverse learners. Teacher guides, workbooks, and assessments ensure rigor and spiritual depth.

Visual: Gold/blue table mapping CCSS to lessons:

Note: "The Holy Spirit rejects 'Hashem,' using Elohim as in Genesis 1:1."
